Muhammad Murtaza

Website Developer

WORK EXPERIENCE

WordPress/ Front-End Developer

2023-2025

Seller Pro (Canadian Digital Marketing Agency)

As a WordPress and Front-End Developer at Seller Pro, I create and manage responsive websites, ensuring seamless performance and user experience. I work on front-end development using HTML, CSS, Bootstrap, JavaScript, and ReactJS while optimizing websites for speed. Additionally, I oversee multiple projects, coordinating with clients and teams to meet deadlines and deliver high-quality solutions. My role involves implementing custom designs, enhancing functionality, and ensuring cross-browser compatibility to maintain a smooth and efficient web presence.

Personal Projects

2022-2024

Self-Initiated Projects

- Designed and developed multiple web projects, including portfolio websites, restaurant sites, and business websites.
- Utilized HTML, CSS, Bootstrap, JavaScript, ReactJS, and WordPress to create responsive and user-friendly websites.
- Integrated third-party APIs and customized WordPress themes to meet client requirements.
